

Herzing College is looking for professionals to teach in some of its programs. As Herzing College is focused on giving students the knowledge, skills, and experience needed to get into the workforce, we look for instructors that have a balance of education and work experience in the fields they teach. Prospective instructors should have a combination of education [diploma, bachelor, or masters], industry experience [minimum 2 years], and/or teaching experience.

Currently positions in the Legal and Community Services Worker programs are available; however, there are also opportunities for adjunct instructors in the other programs offered. Initially all positions will be contracts, but there are opportunities to become a permanent instructor in the Legal and Community programs. Please visit <http://www.herzing.edu/ca/ottawa> for further details about the campus and the programs offered.

To apply, please send your cover letter and resume to [jcameron@herzing.ca](mailto:jcameron@herzing.ca). Selected applicants will be contacted by the Academic Dean. Thank you for your interest in Herzing College.
