The Good Companions

It seems a little crazy that we need to go for driver's education to learn how to drive a car, but we don't need money management training when we start borrowing money and earning a pay cheque. How about retirement? Did you have any "training"?

Come join us for another great presentation provided by Gary Rusyn from The Credit Counselling Society. He will bring his expertise and will provide to provide valuable information to our members, clients and visitors. Participants will learn ways to increase income, reduce expenses and live on a retirement income without having to rely on credit to get by. **This is a FREE seminar. Members and non-members are welcome and encouraged to attend. Please register in person or call Front Reception.**
