

Rainbow Health Ontario
Sherbourne Health Centre
333 Sherbourne Street
Toronto, ON, M5A 2S5

Enhance your knowledge and skills regarding **Gender Diversity, Hormone Therapy and Transition Related Surgical Referrals. 1 in 166 Ontarians** identify their gender differently from the sex they were assigned at birth.

May 22, 2018 0900 – 1500

OverBrook Community Center, 33 Quill St, Ottawa, On

The **Introduction to Gender Diversity** module on day 1 is suitable for all staff in family health clinics and social service agencies.

Learning Objectives:

- Language, terminology, definitions, history, intersectionality, and social context.
- Social determinants of health for trans and gender-diverse communities;
- Understanding transphobia in the context of other systems (patriarchy, racism, colonization) that influence health care and health care access;
- Recognizing and addressing barriers to care;
